## SCORES PAY PIPER FOR NEW YEAR'S GAYETY

### BAD WHISKY PUTS DRINKERS IN HOSPITALS

Death and Violence Mark Riotous Celebration as 1922 Is Welcomed

### WOMAN IS WOUNDED

Prohibition Agents Arrest More Than 200 Persons Making Chicago Dry

In striking contrast to reports received from other towns relative to persons poisoned by drinking "moonshine" whisky during the various New Year celebrations, no cases of such a nature were reported in Ogden at police headquarters nor at the hospital.

But one person was arrested for being drunk, since midnight, December 31 until going to press today. He, however, was in such an advanced state of intoxication that he was unable to give his name and was booked at police headquarters as "John Doe," Japanese.

He was arrested Sunday night on the City Hall grounds by Police Chauffeur Bert Carter.

### SAN FRANCISCO SICK

SAN FRANCISCO, Jan. 2.—Forty persons in hospitals suffering from the effects of "new liquor" and four dead and a dozen others seriously injured in automobile accidents was the tally of victims of Saturday night's celebration here.

Many of the liquor sufferers were picked up from the confetti-covered streets early this morning. Six were poisoned by wood alcohol, the police said, and some of the others by synthetic gin.

Of the automobile class of victims, Joseph Silva, a father, drove his car successfully into four other automobiles and one heavy truck, escaping from all the mishaps uninjured only to fall under a policeman's club when he resisted arrest.

Two men were killed in traffic accidents in Oakland, across the bay from here.

### NEW YORK PAYING

NEW YORK, Jan. 2.—Father Knickerbocker has turned his pockets inside out to pay the Piper for piping in the new year amidst a Volstead-defying celebration.

Police records enumerated four violent deaths attributed to holiday over-indulgence, sixteen men and women in hospitals with gunshot or knife wounds, a half dozen poisoned by bad liquor and scores of summons served by members of the dry squad of 200 who attempted to make it the driest New Year's eve Broadway has seen.

### DRYER THAN BEFORE

The Evening Telegram Sunday described the night as a "celebration which rivalled the wildest pre-prohibition days."

William H. Anderson, head of the state anti-saloon league, however, said that "New York was far drier than it has been on other holidays."

With the cataclysm of noise that was unleashed at midnight, the demands of the collection of the piper. A celebrant turned into a cross street from Broadway, drew a pistol and fired at random. Mrs. Kate Kosmack, 22, who had been standing near a window, fell to the floor of her apartment, struck in the breast and neck. The prankster continued on his noisy way.

East Side residents of Broome street near the Bowery, indulged in their favorite sport of bottle smashing.

At Resinweber's prohibition agents confiscated many private stocks of liquor and served summons on John Gorman, the manager, his son and a half dozen merry-makers.

Greenwich villagers had their frolic much as in the former years. At 4 this morning, they were still at it, costumed, masked, dancing in Washington square to the music of a score of hurdy-gurdys.

### ARRESTS IN CHICAGO

CHICAGO, Jan. 2.—More than 200 persons were arrested Saturday night and Sunday by the police and prohibition agents in their campaign to make Chicago dry at the opening of the New Year.

Warnings issued by Chief of Police Fitzmorris and Charles A. Gregory, federal prohibition agent, apparently had their effect. The loop district, almost deserted and searchers for liquor law violators confined their activities to the ralling of remote clubs and watering holes and restaurants.

Prohibition agents in reports asserted that liquor could be bought at many places, but few saloons were raided, although lists were turned in and it was indicated action might be taken later.

### DEATHS IN SOUTH

NEW ORLEANS, Jan. 2.—Three persons killed, a policeman shot and wounded, probably fatally, one man killed when run down by an automobile.

### TEN BILLION DOLLAR DEBT TOPIC OF BIG INTEREST

WASHINGTON, Jan. 2.—Unusual interest in the ultimate disposition of the \$10,000,000,000 debt owed the U. S. by the allied governments has been evidenced throughout the country during the last few weeks, treasury officials said today.

Many letters have come to the treasury asking for information on the subject and offering advice while debating societies in different parts of the country have been writing in for data on which to build arguments both on behalf and against the government requiring payment of the principal and interest of the debt, under various plans.

### HOW WILL DAIL VOTE, IS ERIN'S BIG QUESTION

One Journal Says to Oppose Treaty Means Betrayal of Trust

DUBLIN, Jan. 2.—(By The Associated Press.)—The question of outstanding interest in the Irish situation discussed by the Dublin newspapers this morning, is the effect the expressions of public sentiment in favor of ratification of the Anglo-Irish treaty will have on its opponents in the Dail Eireann. The Freeman's Journal and the Irish Independent declared the will of the people must prevail, the Freeman's Journal saying:

"No sophistry, however fine spun, can disguise the fact that to thwart this will would be to betray a trust. That sort of treachery makes no appeal to Irishmen."

The Independent expresses the utmost confidence that the opponents of the treaty in the Dail will heed the popular voice, but a political writer in the Irish Times says there is no ground for the belief that when the Dail meets tomorrow "it will be any better disposed toward ratification."

The Times writer calls attention to the fact that the opponents of the agreement are continuing their silence and declares the Dail leaves themselves do not know what the outcome will be.

At the week-end meetings of public organizations and Sinn Fein clubs strong appeals were made for the preservation of national unity. Speaking at a meeting of the Limerick county council, Councillor Michael Ryan declared negotiations "it will be a unanimous decision. No confirmation of his statement is available here, but it is evident that much is going on behind the scenes of which the press is kept in the dark."

The newspapers welcome the new year's message of Sir James Craig, the Ulster premier, the Freeman's Journal says that if his appeal meets with the response it deserves peace will not be long delayed.

The timely spark of good feeling shown by the six counties," it adds, "would kindle bonfires throughout Ireland."

### QUAKERS PRESENT GORGEOUS PAGEANT

PHILADELPHIA, Jan. 2.—King Momo held sway here today. At the head of one of the largest and most gorgeous mummers pageants in the history of the city's unique New Year's spectacles, he marched between lines of cheering humanity for several hours in a fairway of fantasy, mimicry and music.

More than 11,000 persons, representing scores of New Year's clubs, took part in the pageant and incidentally a number of prizes were won.

Business houses, whose antics furnished the spectators with much amusement, string bands of great variety, and noisier floor-depicting events of historic as well as present day interest.

### PRIZE STOCK GROOMED FOR JUDGING TOMORROW

CHAMP CATTLE AND HOGS HERE FOR BIG SHOW

### COMPETITION IS KEEN

Marked Slump Nowhere in Evidence at Union Stock Yards

Livestock by the trainloads is arriving in Ogden for the third annual Ogden Livestock Show, scheduled for this week at the Union stock yards. The old law in play, "for every action there is an equal and opposite reaction" is proving itself in the livestock industry. The market slump of the past year is nowhere in evidence at the stock yards.

The largest car lot show of fat stock west of the Rockies will be staged this week at Ogden. Upwards of one hundred cars of cattle, sheep and hogs with individual entries of purebred stock numbering into the thousands proclaim Ogden as livestock center of the intermountain country.

### JUDGING TOMORROW

Beef cattle from Oregon, Nevada, Idaho, and from Montana and Utah, and sheep from Wyoming, will compete for championship honors with the cream of Utah's purebred stock. Judging in all departments will start Tuesday, January 3. Animal husbandry specialists from three state universities are numbered among the judges. J. T. Caine III of the Utah State Agricultural college will make the awards in the beef cattle division; E. F. Rheinhardt of the University of Idaho will judge the dairy cattle and E. J. Fleisler formerly with the Oregon Agricultural college will pass on the individual swine classes and the sheep. Secretary of the National Woolgrowers association has been secured to judge the sheep classes. Champion carloads of fat and feeder cattle will be selected by J. P. Gorman, head buyer for the Cudahy Packing company at Salt Lake City.

### HOME OF WINNERS

The new livestock coliseum recently constructed to house the Ogden Livestock Show will this week be the home of champions and blue ribbon winners from the Chicago International, the Pacific International, the Western Royal and the California National. Mrs. Minnie Miller of Salt Lake City is exhibiting from her Thousand Springs Farm at Wendell, Idaho, a show flock of imported Hampshire sheep which includes the champion Hampshire ram from the Chicago International. Ramboulllets and Corriedales from the famous King Bros. flock at Laramie, Wyoming, are entered at Ogden after a victorious invasion of eastern show yards.

Mountain Dell Shorthorns exhibited by the John H. Seely & Sons Co. of Pleasant, Utah, are the leading exhibitors of their breed. The Mountain Dell herd has been for the past two years strong competitors on the Northwest show circuit. Chandler Herd, from Baker, Oregon, will vie with the John H. Seely & Sons herd of Wells, Nevada, against strong entries from many Utah herds in one of the largest Hereford shows ever held in the state.

Championship swine herds of the popular breeds will uphold the high standard of the swine department. Hugh Walter of Townsend, Montana, has entered the champion herd of Foinch.

(Continued on Page Two.)

## Fox Trot Jazz Music Is Blamed For Dancing's Downward Trend

CHICAGO, Jan. 2.—"The Jazz" is slowly but surely going into the discard, according to a statement issued here by Fenton Bott, of Dayton, O., director of dance reform of the American National Association, Masters of Dancing.

"The 'fox trot' is the dance that receives the most abuse by the dancer," said the statement, "and it is the 'fox trot' music as written and played in jazz fashion, but causes the dancer to abuse this popular dance. There is nothing wrong with the 'fox trot' or the steps in the 'fox trot,' but it is a conceded fact among all teachers of dancing that the Oriental suggestive and broken time in the fox trot jazz music, together with the lack of sufficient supervision, is responsible for the downward trend of the dance."

"The American National Association of Masters of Dancing began two years ago, to work for cleaner dancing. Hundreds of welfare associations, thousands of college deans, police women everywhere and finally the public dance hall proprietors are lashed in the work with us. We feel and hope that the crest of the wave of this disgusting wriggling 'jazz' has been reached and reports to us from every part of the country show 'clean dancing' crusades being started everywhere."

"All exaggerated movements, especially of the upper parts of the body, are in very bad taste in social dancing, and are never found with true refinement and culture."

## Woman's Story Leads To Arrest Of Sheriff For Bank Robbery

HILLSBORO, Ill., Jan. 2.—(By The Associated Press.)—Arrest of Sheriff John Wilson and six other men in connection with the \$31,000 robbery of the Panama State bank, resulted from the disclosures of a woman who implicated her own husband in the case. It was announced this morning by State's Attorney Raimy. Mrs. Jerry Brown, the state's attorney said, has made a detailed statement of the use

of her home as a rendezvous by the alleged robbers. She implicated her own husband, Mr. Raimy, announced and declared she determined to tell what she knew after Mr. Brown had used the money the robbers had given him to buy a new automobile and "skip out."

Six men not including the sheriff of Montgomery county, met in her home by previous agreement with her husband, she said, and gave him his pay, \$700. The rest of the loot, according to her statement, was divided into seven parts, and one part was for Sheriff Wilson. When her husband took all the \$700, bought an automobile and left, she decided to tell everything.

Sheriff Wilson was released on \$10,000 bonds, given by a farmer near Greenville. The six other men under arrest are held in the county jail here.

## NO CREPE OR FLOWERS AT PENROSE BIER

Former Senator's Wishes for Absolute Simplicity Carried Out

PHILADELPHIA, Jan. 2.—Arrangements for the funeral of Senator Penrose were still incomplete today. It was decided, however, that it should be strictly private in accordance with his officially expressed wish.

In making this announcement, Leighton C. Taylor, for many years the senator's private secretary, said that only members of the family and friends would attend the services and that a congressional delegation probably would not come here for the burial.

The date for burial would be fixed, Taylor said, after hearing from relatives in the west.

Meanwhile the body of the former senator, encased in a metallic coffin, covered with purple cloth, lay in his bachelor home here. No crepe or flowers marked the presence of death in the old-fashioned brick house where from a sick bed he had conferred by telephone with the national Republican leaders at the Chicago convention which nominated President Harding.

Every wish of the senator for simplicity was respected.

Expressions of regret at his death continued to pour in today from all sections of the country. None of them was made public by his relatives.

Governor Sprague said he had not decided on Senator Penrose's successor. Under the law the governor is empowered to make an appointment to fill the vacancy until the next general election which will be held in November.

WASHINGTON, Jan. 2.—Members of the senate finance committee, of which the late Senator Penrose was chairman, met informally today with the expectation that all members of the committee would go to Philadelphia for the funeral. The expressed wish of the late senator's family that the funeral be private, had been communicated, however, to Senator McCumber of North Dakota, the ranking Republican member, and the committee therefore decided to take no action.

It did determine, however, that several of its members would draft the resolutions which are to be submitted to the senate when it convenes tomorrow.

The plan of senate leaders for tomorrow is that the senate meet and adopt resolutions with respect to the memory of its late member and adjourn to the following day.

## Hayes Orders New P.M.'s To Go To School

New Officials Will Learn How to Meet Public, Handle Complaints and Educate Citizens

WASHINGTON, Jan. 2.—Beginning with the New Year under orders issued by Postmaster General Hayes, newly appointed postmasters will be required to attend school, where they will be taught, among other things, how to meet the public, their places in the community, how the public in the use of mails, how to handle complaints, guard the mails and maintain proper relationship with the department.

Central accounting postoffices will be designated in each state as schools for the instruction of postmasters of the second and third class, under the direction of First Assistant Postmaster General Work as "superintendent of schools."

Newly appointed postmasters will be advised by letter "that his city's welfare to a very great extent depends upon his willingness and capacity to give it better postal service." After the intensive course aimed to impress on the new official that "he is local manager of the biggest business institution in the world," he will be required to write the department giving a review of what he had learned, so that it may be determined, Mr. Hayes said, whether he is qualified to serve behind a placard reading:

"Ask your postmaster when you want to know."

## DEATH NOTE LEADS TO EXTENDED SEARCH

MACON, Ga., Jan. 2.—No trace has been found of A. P. Sexton, missing president of the Sexton Plant company of Valdosta at the end of 24 hours' search of scores of persons in this city and vicinity. Relatives of the missing man arrived here and joined in the search from Royston to Macon, over which Sexton is believed to have driven on his way to this city.

The hunt for Sexton was started Saturday upon receipt by the police of an anonymous letter which read:

"You'll find a deserted car near the Spring street bridge. Owner's body in scamp. Sorry I had to do it. Robbery is the motive."

## ARMS PARLEY NAVAL GROUP WORKING HARD

Charges Made by Far Eastern Republic Declared Based on Fabrication

WASHINGTON, Jan. 2.—(By The Associated Press.)—Despite the New Year's holiday, naval experts of the arms conference delegations kept at work today on their task of ironing out details of the naval limitation plan which it is hoped to put into final treaty form by the end of the week.

With no serious difficulty expected in formulating the necessary technical adjustments to cover ship questions as replacement and scrapping of ships, there was a general feeling today that the end of the week may see another plenary session of the conference for announcement of a formal five-power treaty covering the naval limitation scheme.

With this prospect for final disposition of the naval program, there was a general expectation that the conference would be ready to adjourn about the middle of the month.

### SETTLEMENT SEEN

Despite the several troublesome issues, which apparently have yet to be cleared away in that branch of the negotiations, the Shantung question on which Japanese and Chinese are now deadlocked, it was believed that settlement would not be delayed beyond two weeks.

In connection with Far Eastern questions, the Siberian situation had been brought suddenly into prominence today through publication by the special delegation here from the Far Eastern republic of copies of alleged communications between the Japanese and French governments, covering the proposal that the two governments act in concert of it, in the Washington conference with respect to the establishment of a Japanese protectorate over Siberia.

### CALLED FABRICATION

Although the documents were promptly declared by a member of the Japanese delegation to be a "malicious fabrication" and characterized by a French delegate as "forgeries, stupidly contrived" there was considerable speculation that the communication would be brought formally before the conference by the Chinese or some other delegation when the Siberian situation is taken up on the agenda.

The Far Eastern representatives themselves not only are not members of the conference, but are speaking for an unrecognized government, which left it entirely uncertain as to what cognizance may be taken of the charges.

## FIRE TRUCKS CRASH; TWO KILLED, 8 HURT

CHICAGO, Ill., Jan. 2.—Two firemen were killed, one probably fatally injured and seven others hurt badly last night when two fire engines crashed together while responding to a false alarm. For many months there has been a friendly rivalry between the members of two companies as to which would be first to reach a fire in their joint district.

### FINLAND ABANDONS REBELS OF KARELIA

HELSINKI, Jan. 2.—Demands by the soviet government that Finland withdraw all support of the revolution in Karelia have been met by the Finnish government. Announcement is said that two members of the Karelian government have been expelled from that country "in accordance with the provisions of international law."

The Bolsheviks threatened hostile action against Finland if alleged aid to the Karelian insurgents was not withdrawn immediately.

## FIVE YANKEE TARS STABBED AFTER BRAWL

Italian Sailors Armed and Americans Unarmed, Report Says

### TRouble IS SERIOUS

Attacks Outgrowth of Trifling Trouble in Cafe at Shanghai

SHANGHAI, Jan. 2.—(By The Associated Press.)—Serious trouble between sailors from Italian and American warships here developed today when a band of two score Italian sailors surprised and attacked about a dozen American jacksies in a cafe and then went from one cafe to another seeking out and attacking isolated groups of Americans. Five Americans sustained knife wounds, two of them being seriously stabbed.

The attacks were outgrowths of a trifling brawl in a cafe, following which the Italians gathered the raiding party which was armed with knives and several revolvers. The Americans are declared to have been unarmed.

All shore liberty from the war craft has been suspended in consequence of the trouble.

## PERU INSISTING ON PEACEFUL DECISION

SANTIAGO, Chile, Jan. 2.—Renewed demands that the Peruvian-Chilean controversy over the provinces of Tacna and Arica be submitted to arbitration were contained in a note received here from Lima. The Peruvian government asserted that an arbitrator should be appointed to decide whether the treaty of Ancon, by which Chile took jurisdiction over the two provinces had been violated, and how violations alleged in the Peruvian note of December 23 might be repaired.

Peru's communication, on December 23 accused Chile of having caused the expulsion of Peruvians from Tacna, Arica and Tarapaca; occupation of part of the province of Tarata in Peru; incorporation in Chilean territory of the borax producing district of Chichaya and the retention of part of the guano revenue from the Lobos Islands.

## MINERAL OUTPUT OF ALASKA SHOWS DROP

WASHINGTON, Jan. 2.—Alaska's mineral production during the year 1921, according to preliminary estimates made public today by the geological survey, was valued at \$16,193,000 compared with \$23,303,757 during the previous year. The decrease shown is accounted for by a loss of about \$6,000,000 in the value of copper mined; \$573,000 loss in silver; \$100,000 in lead; \$155,000 in platinum; and \$120,000 in petroleum. An increase of about \$235,000 was shown in the production of coal.

The practical completion of the Alaska railroad, the report said, was the most important event of the year to the territory's mining industry. The decrease in both copper production and development was ascribed to the low price of the metal.

## MEXICAN FINANCIAL CIRCLES OPTIMISTIC

MEXICO CITY, Jan. 2.—Financial circles of this city show signs of optimism over negotiations which have been under way between the secretary of the treasury and representatives of American banking houses. Augustin Legorreta, manager of the Banco Nacional and representative of J. P. Morgan and Company, and Eduardo Iturbide, representing the Speller investment have gone to New York and it is stated they will report there on the progress made during recent conferences.

Prominent economists have been appointed to the Mexican section of the Inter-American finance committee. This action was taken, it is said, upon the initiative of Secretary Mellon of the United States treasury.
